

ChequeSelector

140+ Years And Counting!

We've been in business for a long time. And the reason is simple – because we work hard every day to continue earning the trust of Canadian Credit Unions and their membership. D+H... cheque expert... innovative service provider... involved corporate citizen.

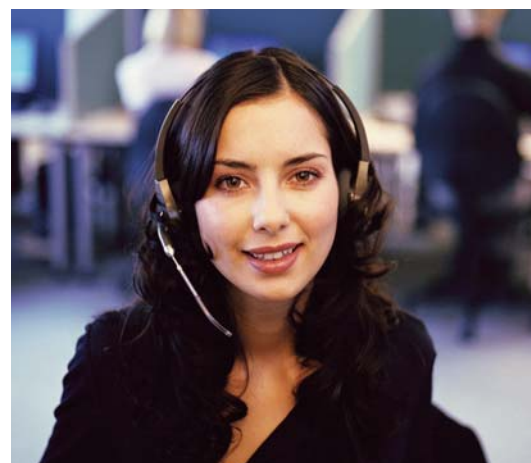

Trusted Products

Cheques aren't just pieces of paper, they are financial instruments and security is paramount:

- **Secure products** – D+H cheques incorporate *Advanced Security Measures®*, a combination of security features designed to help protect your cheques from fraudulent use.
- **Secure facilities** – our dedicated production facilities are regularly audited to ensure they meet the rigid standards required for secure printing.
- **Secure Information** – D+H maintains security measures designed to ensure personal information remains private and confidential.
- **Compliance** – D+H's leadership position within the printing industry ensures your cheques are fully compliant with image based clearing.

Award Winning Service

D+H is committed to providing best in class service, including our award winning call centre staffed by highly trained *ChequeAdvisors*. Product delivery is fast, with most customers receiving their orders within a week. And it's all backed by our 100% satisfaction guarantee – if you're not completely satisfied we'll replace your order hassle-free!

Community Investors

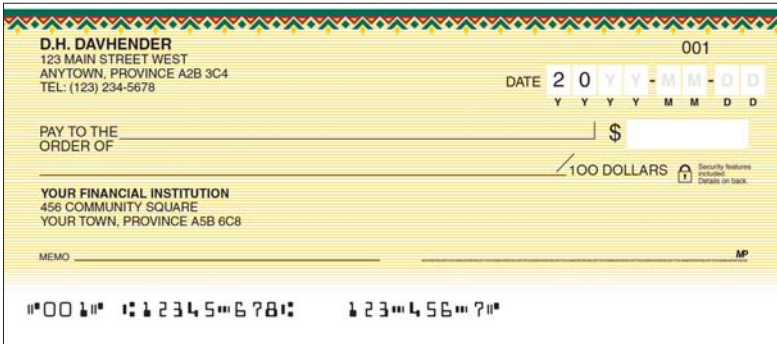

Like Credit Unions, D+H is focused on giving back to the communities in which we live and work. Our social responsibility takes many forms – from support of The United Way to the grassroots efforts of employees who are encouraged to give their time to local charities.

Environmental Stewardship

D+H is committed to environmentally sound principles and practices. By way of example, most of our cheques are printed using vegetable or water-based inks. Most of our products leave our facilities packaged in recycled materials. It's all part of our ongoing objective to do our share in reducing our carbon footprint.

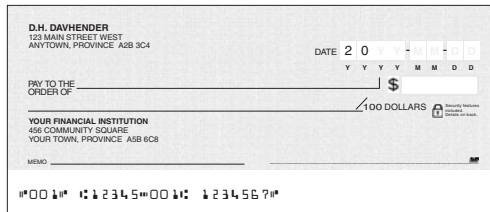

D+H. Your trusted partner.
