## What's my story?

I've been working in the financial industry for 30 years, so I've helped a lot of entrepreneurs meet their personal and business financial needs. I'm also a small business owner myself, with a degree in Entrepreneurial Management, so I understand where you're coming from.

I draw on my experience, education, business savvy, and all of Prospera's financial tools, to advise business owners — whether they're starting up, growing, or winding down. I build trust by always striving to find the best solutions to each individual's unique needs and recommending what I would do in the same situation.

I find value in my everyday work through contributing to so many success stories. I also love connecting people within my community and supporting local entrepreneurs as they make their business dreams come true.

**Call or email and let's chat about how I can help you achieve your business goals.**
