What's my story?

I've been working in small business banking for 11 years, with a passion for helping people start, build, and improve businesses. I started my own business and sold it for a profit when I was in my mid-20s, and I currently run my dad's farm business with my family, growing business revenues and profits since I got involved.

I know what it takes to run a business, I appreciate the hard work and discipline required, and I've experienced many of the same pain points as the members I work with. As a result, I can help members in ways that go well beyond lending solutions.

I find value in my everyday work through meeting new business owners, sharing my business knowledge and connections, and helping them get the funds they need to achieve their goals.

Call or email and let's chat about how I can help you achieve your business goals.
